

Show Pig Management Guide

LEAVENWORTH Cooperative Association Show Feed Rewards Program

Leavenworth County Coop
1205 N. Main
Lansing, KS 66043

Tel: 913-727-1900

General Pig Management:

- Two pigs do better than one

Facilities:

- Should be clean, bedded with shavings, dry, and dust free
- 25 sq. feet per pig

Water:

- Offer water through controlled device, placed outside pen, to avoid contamination by pigs.
- Needs to be clean and abundant at all times (plastic barrel with nipple)
- Raise watering device up off the ground, to avoid pig looking down for water.

Hand Feeding:

- Can feed according to desired gain
- Allows you to monitor pigs growth and adjust, push, or hold individual pigs.
- Allows you to get in the pen with the pig to socialize with the pig...VERY important for showmanship skills.

Self Feeding:

- Saves time and is convenient
- Consumption of all pigs tends to be greater
- Self feed up to 150 pounds then hand feed until finish is an option.

3 Phases of Show Pig Project:

1. Prospect Phase: Purchase - 150#

- Self feed if necessary
- Feed high quality starter or grower to young pigs
- No more than 3 pigs in a pen
- Get in the pen with pigs at least 2 times per day

2. Progress Phase: 150# - 200#

- Weigh pigs weekly
- Calculate average daily gain
- Train and condition pigs, to withstand length of anticipated classes
- Drive pigs at least 30 minutes per day
- Rinse pigs daily
- Wash pigs at least 2-3 times per week
- Move to hand feeding

3. Market Phase: 200# - Market

- Continue to monitor weight, decide if you need to hold or push the pig
- Prepare for show, practice show-ring skills
- Continue driving pigs every day
- Continue daily rinsing
- Continue washing pigs

Show Pig Nutrition

- Show pigs will convert feed at about 3# of feed for every 1# of gain over 200# of body weight
- Feed high quality ingredients like sprat dried red blood cells, spray dried skimmed milk, and spray dried whey, dried eggs and fishmeal to show pigs for bloom, muscle shape and general great appearance.
- Deworm pigs once per phase
- Have water available at all times...effects feed intake
- Weigh pigs often

Available Products:

Honor Show Chow Show Pig Grower T100

Honor® Show Chow® Showpig Grower T100 is a high 19.5% protein feed designed for show pigs from 40-150 lbs. with 1.2% lysine and 5% fat for optimal

MoorMan's ShowTec Developer CTC No. 277AB

Designed for feeding to Show Pigs from 75 lb to show weight. Provides 18% crude protein, 2.5% fat, and 1% lysine Medicated with chlortetracycline with no withdrawal time.

Honor Show Chow Show Pig 16

Honor® Show Chow® Showpig 16 is designed to be fed to growing/finishing show pigs. Showpig 16 is a great feed between Honor® Show Chow® Showpig Grower and Powerfill®, and containing 16% Protein, 0.8% Lysine, and 6.5% Fat it is formulated to “soften” raw, extreme muscled pigs.

MoorMan's ShowTec Sixteen

Designed for feeding to extremely lean Show Pigs over 125 lb body weight. Provides 16% crude protein, 4% fat, and 0.85% lysine. Medicated with Lincomix®* (lincomycin).

HIGH OCTAINE CHAMPION DRIVE TOPDRESS

is designed to be fed from start to finish of the show animal project as a supplemental protein source containing 32% protein, 5% fat, and 6% fiber. Feed lambs according to the following directions:

Pushing: 1/2 -1 lb/day

Holding: 1/2 -1 lb/day

Toning: 1/2 -1 lb/day

Non-stressed: 1/4 -1/2 lb/day

Stressed: 1/2 -1 lb/day

HIGH OCTAINE POWER FUEL

is an advanced high-energy supplement for all classes of animals being fed and fitted for show. HIGH OCTANE® Power Fuel™ is designed to be fed as a topdress to supply additional energy. Feed HIGH OCTANE® Power Fuel™ to show lambs 8 to 32 ounces per head per day.

HIGH OCTAINE FITTER 35

High protein supplement which helps support lean tissue growth and muscle development. Helps maximize muscle definition, makes muscle “pop.” To assure top shape feed 16-32 oz per head per day or use as a complete feed to manage weight gain and maintain optimal body condition feed 2lb plus 1lb rolled oats.

MoorBody

A unique energy and fiber supplement for Show Swine. MoorBody is specifically formulated to provide highly saturated fat as well as citrus and beet pulp to enhance show pig fill and expression. MoorBody is not a Complete feed and must be fed in conjunction with a ShowTec Developer.

MoorMan's ShowTec Lean Maximizer (25 lb pail)

A supplement containing Paylean designed for pigs weighing not less than 150 lb fed a complete ration containing at least 16% crude protein for the last 45 - 90 lb of gain prior to slaughter. Designed to be fed at 2-4 oz/hd/day when mixed with non-medicated feed to provide a complete ration containing at least 16% protein. Provides 20% crude protein, 4% fat, and 1.2% lysine

HIGH OCTAINE SHOWPIG PAYLEAN

Feed continuously as the sole ration to finishing swine weighing not less than 150 lbs for the last 45 to 90 lbs (group average) of weight gain prior to going to market. The enclosed scoop holds 1 ounce of HIGH OCTANE® Showpig Paylean® Premix. To produce a feed medicated with 9 g/ton Paylean® add 2 scoops (ounces) per day to 5.875 lbs of HONOR Show Chow® Showpig Grower T100 or HONOR Show Chow® Finisher T100 and mix thoroughly.
